The Wetaskiwin Exhibition

Efforts of The Agricultural Society Crowned With Gratifying Success

The Wetaskiwin Fair, which was held on Tuesday and Wednesday of this week, was by far the best exhibition ever held in the city and the officers and directors of the agricultural society may well feel pleased at the reward their efforts of the past few months received. Nearly all the departments were well filled with exhibits and the judges had no little task in selecting the best and making the awards. In the horses and cattle classes there were over two hundred and fifty animals, which included not only the best in the Wetaskiwin district, but a few of the choicest herds in the Red Deer and Edmonton districts. The poultry exhibits surpassed all expectations, both as to quality and numbers, as some of the best pens in Central Alberta were to be seen.

In the ladies' department the space allotted was altogether too small, and the large number of exhibits could not be seen to advantage. This department was one of the most attractive of the fair, and the hall was crowded until the last minute. The variety and quality of the fair was away ahead of any previous year, and it appears as though the society will be obliged to provide additional accommodation for the next fair.

The number of entries in the vegetable and grain departments was somewhat disappointing, but the quality in every case was excellent. No doubt the backward season and the large amount of work thrust upon the farmers during the past month is largely responsible for this condition.

The aggregate attendance for both days was not quite as large as last year, but this is accounted for by the fact that the farmers were altogether too busy with the harvest to come into the city. The large crowd present, however, appeared to enjoy the occasion as groups could be seen all over the grounds deeply engrossed in studying the judging and the exhibits in their favorite classes. The Wetaskiwin Bazaar was in attendance both afternoons and delighted the crowd. They were unstinted in their selections, and the music was such a high order that they were heartily applauded on many occasions. Wetaskiwin has one of the best bands in the province, and the citizens are justly proud of this organization, which has increased greatly in proficiency under the leadership of Mr. Clarke.

A full list of the prize winners will be given in next week's issue. The horse races and athletic events were keenly contested and many of the competitions were well filled. The following were the winners of the various competitions:

Indian race, half mile on horse, discount and run half mile on foot—Henry Ward, 1st; Baptist Soto, 2nd; Son, 3rd.

Half mile pony race—Stony Paul, 1st; Jim McKie, 2nd; J. McDowell 3rd "Kitty Carr" 2nd.

Five-eighths dash—G. L. Owen's "Lady Tenneller" 1st; G. L. Owen's "The Matched pony race half mile between Jim McKie and J. McDowell was won by the latter in a close race.

100 yard run, boys under 16—Harry James, 1st; E. Girling, 2nd. Running high jump, open—Wm. Barre, 1st; Harry James, 2nd. Running broad jump, boys under 16—E. Girling, 1st; Harry James, 2nd. Distance 13 feet, 9 inches. 100 yard dash, open—Geo. Meyer, 1st; D. J. McKitterick, 2nd. Running, hop, step and jump, open—Wm. Barrett, 1st; B. A. Jackson, 2nd. Pole vault—Geo. Meyer, 1st; Wm. Barrett, 2nd.

Running high jump, open—B. Barrett, 1st; Sutherland and Mayer tie for second, and in the toss the prize goes to the former. 223 yards, boys under 16—Harry James, 1st; E. Girling, 2nd. The base ball enthusiasts were disappointed at the non arrival of the junior baseball team from Ponoka, but a game was witnessed nevertheless, as the juniors of Crooked Lake gave the local juniors a very closely contested and well-played game as the score stood 7-5 in favor of the visitors at the end of the sixth inning, but the locals managed to run in eight runs in their part of the seventh, thus winning the game with a 12-7 victory. "The Crooked Lake" gave excellent satisfaction as umpire. The following were the players: Crooked Lake—Jenne, C; Kelley, P; Reist, 3rd base; S. Roth, 1b; Omena, 2b; H. Roth, ss; Wyerle, If; J. Johnson, rf; L. Johnson, cf.

Wetaskiwin—Milquelon, C; Murray, P; Herie, 1b; Barnes 2b; Angus ss; Jahn, 3b; Guoin, rf; Carlson, cf; Schatz, If.

A foot ball match was also played between two Wetaskiwin teams, the Camrose team found it impossible to come in. The Ponoka team was communicated with at the last minute and a conditional promise was received, but this team also failed to put in an appearance.

A successful dance was given in Angus Hall, both evenings, which was well patronized.

PAINFUL ACCIDENT AT STROME

An alarming accident occurred in town late on Wednesday night, resulting in serious injury to Mrs. P. McMillan and in the narrow escape of McMillan himself. They were driving into town and when turning the corner of the Merchants' Bank the tongue got loose and the animals taking fright tore down Main street towards the depot. Mrs. McMillan was thrown out, and Mr. McMillan who still had the reins then jumped to succor of his wife. The buggy was overturned and the horses then got loose and up to mid-day on Thursday they were not captured. Medical examination revealed that Mrs. McMillan had sustained a broken leg below the knee. She passed a very painful night, but was resting easier Thursday morning. Beyond a severe shaking and a slight stiffness of one leg Mr. McMillan seemed alright this morning. The injured lady was taken home and is under the care of Dr. Carmichael—Strome Despatch.

LUTHERAN CHURCH

Communion service in the Norwegian language will be held at the Swedish Lutheran church, next Sunday evening, Oct. 1st, at 8 p.m.

CARD OF THANKS

Mr. and Mrs. W. T. Underwood and family wish through the columns of The Times to sincerely thank the neighbors and many kind friends for their sympathy and assistance during their recent hour of affliction.

METHODIST CHURCH NOTES

Next Sunday being the first Sunday in the month, the morning service will be specially for young people. The pastor will conduct both morning and evening services.

The Epworth League are engaging Miss Emma T. Irons, of Boston Conservatory for an entertainment on Tuesday, Oct. 10th.

A very interesting Rally Day service was held last Sunday afternoon, when Rev. E. McGowan gave an address on Robert Raikes.

The collection for the general Sunday school fund amounted to \$10.20.

HERO OF LABRADOR

Next Sunday evening at the usual hour of 7:30 o'clock, special musical service will be rendered in the First Baptist church. The service is, entitled "The Hero of Labrador," and consists of a story of the labors and triumphs of Dr. Grenfell, interspersed with hymns and appropriate music. Those who attended the service of a similar character given a year ago will be sure to attend this one also.

The pastor will preach at the morning service, and the sermon subject will be "Critical Tendencies," the second sermon on "The Descriptive Hour of Christian Missions."

An invitation is extended to all to attend the meeting of the Young People's Union, on Wednesday evening at 8 o'clock.

BIG MISSIONARY MEETING

A missionary meeting of more than ordinary interest will be held in the First Baptist church, next Sunday evening, October 1st, at 8 p.m. The meeting is one of a series being held throughout the province in preparation for the big men's missionary convention in Calgary, in October. The speakers on Monday night are Miss Janet E. Robinson, a missionary to India, who is home on furlough and Mr. W. E. Senior, of Toronto. Miss Robinson was formerly a resident in Wetaskiwin, and still a member of the First church here. Many old friends will be glad to renew acquaintance with her, and she will no doubt be greeted with a large audience. A meeting will also be held for ladies in the afternoon at 4, which will be addressed by Miss Robinson. Mr. W. C. Senior who will also speak in the evening is the Layman Canadian secretary for the Laymen's Missionary Movement, and is one of the leaders being heard out from the East in the interest of the Men's Convention in Calgary.

A very hearty invitation is extended to all to attend these meetings.

TEACHERS' CONVENTION

The eighth annual convention of the Lacombe Teachers' Association will be held in the public school, Ponoka, Thursday and Friday, October 19th and 20th, 1911. The following is the programme:

Thursday morning session—Compensation, Inspector Thibadeau. Physiology paper, V. B. Reid, B.A. Discussion—Miss Edwards, Messrs. Garbutt and McNally.

Thursday afternoon session—Standard III. Literature—Inspector Scott. The Grade System—H. B. Carruthers.

Thursday evening session—"The Ponoka" staff will tender the visiting teachers a reception, at which Supt. McCalp and others will deliver addresses.

Friday morning session—Business meeting, Election of Officers. Resolutions; Question Paper. Geography—Supt. McCalp. Simplified Spelling—Inspector Thibadeau.

Friday afternoon session—Story Telling Competition—By public school pupils, first and second prizes. Recitation Contest by public school pupils, first and second prizes. Rural school basket ball tournament.

City Council

An adjourned meeting of the city council was held on Tuesday evening with a full attendance of the members.

Tenders for the work of altering and remodeling the fire hall were opened and considered, but it was not deemed advisable for the council to proceed at the prices given, as the work could not be done, and the additional equipment procured for the amount of money available by the by-law. J. H. Knight, architect, was in attendance, and at length explained the details of the proposed change. After a full discussion, it was moved by Angus-Chandler-That in case the work of remodeling the fire hall is proceeded with, that the tender of The City Plumbing and Heating Store be accepted at the price of \$3400 for that part of the work, and that the matter be referred back to the fire and light committee to interview the tenderers as to the figures submitted, when an other meeting of the council will be held.

The matter of constructing cement walk along the front of the old Ould block, on Pearce street, and also along McDonald street, was a gala brought up, when it was stated that the new owner of the property were prepared to advance the money for the work if the council could proceed with the work this fall. It was then moved by Olin—MacEachern—That the solicitor be instructed to prepare agreement between the city and Messrs. Heger and Treu, and when this is signed that the engineer be authorized to proceed with the work. Carried.

Meeting adjourned to call of the mayor.

PRESBYTERIAN NOTES

The Children's Service last Sunday was fairly well attended. The girls choir under the leadership of Mrs. A. T. Kinsaid took the place of the regular choir, and deserve praise for the excellent selections they rendered. The service used that was arranged by the Sabbath school committee of the Presbyterian church. The superintendent, Mr. Kinsaid conducted the service, and the address was given by the pastor, Rev. E. McGowan.

The supper given by the ladies of the "Wetaskiwin" in the Burns block, on Saturday evening last, was a decided success. Nearly three hundred people visited the rooms to take advantage of the good things provided. Everyone was pleased, and the ladies netted about \$125.00 in proceeds.

The work of excavating under the church for the placing of a tunnel is being begun this week. The contracts for furnace and foundations are not yet let, but tenders are being received and so time will be lost so that the alterations may be complete before the cold weather comes.

The Lacombe Presbyterial of the Women's Home Missionary Society will hold their annual meeting in the Presbyterian church, Wetaskiwin, on the afternoon and evening of Wednesday, Oct. 11th.

Rev. K. C. Macleod, of Camrose, will occupy the pulpit at both services next Sunday. The pastor will be in Camrose.

PROVINCIAL BY-ELECTIONS WILL BE HELD DURING THE LAST OF OCTOBER

As the session of the provincial legislature is to open about November 1st, according to the announcement of Premier Sifton, bye-elections to fill four vacancies in the house will be held in the latter part of October. The resignations of R. B. Bennett, junior member for Calgary, Dr. Warnock, member for Pincher Creek, and W. A. Buchanan, member for Lethbridge, have been received by the premier. There is also the vacancy in Glendon, caused by the death of A. J. McArthur, to be filled. It is expected that writs for the bye-elections in these four constituencies will be issued before the end of the present week, or next week at the latest.

Mr. and Mrs. W. H. Odell of near London, Ont., who are spending several months with friends in the province, arrived in the city last week to spend some time visiting at the home of their son, W. H. Odell, barrister.

Joe Treu, left on Thursday morning for Bowden, where he will remain for several days on business.

City News Items

Miss Faye Dayton, who has been spending the past six months in Spokane, Wash., returned home on Tuesday.

Mr. Fred Cross, western superintendent of the Williams Piano Co., Ltd., spent Thursday of last week with Mr. J. H. Robinson, the local manager.

The Ladies' Aid of the Methodist church will hold a "masquerade" in Girling's parlors, on Saturday, Oct. 7th. Sale to begin at 2 p.m. Tea and refreshments served.

O. H. Johnson, of Edson is in the city this week straightening up some business affairs. He reports that business is booming, and he will remove his family to Edson as soon as a suitable house can be had.

Nels Linden won three first prizes and four seconds in S. C. Leghorns and first in Cabbage at the Wetaskiwin fair. Mr. Linden claims this is an excellent combination, as all poultry should be fed cabbage heads.

Tom Fraser, who has been the official manager of Hitchens' bookstore for the past year, left the city on Tuesday, and will spend a month's vacation with relatives at Calgary before accepting another situation.

Wesley Hosford, of Lewisville, who has been in England for some months receiving treatment for his eyes, which became affected through close study, returned home on Monday. His friends are pleased to know that he has fully recovered from his affliction.

Several youths were brought before the justice of the Peace this week, charged with shooting within the city limits, and also shooting on the Sabbath day. After being so severely reprimanded, they were allowed out on suspended sentence, after paying the costs of the case.

The local Conservatives, who were so jubilant over the results of the elections, held a torch-light procession on Friday evening. After parading the principal streets headed by the band, a halt was made in front of the Grand Hotel, and several addresses were delivered from the balconies. Among the speakers were Mayor Fowler, M. McNicol and Geo. B. Campbell.

What might easily have been a fatal accident happened on Wednesday morning to a party of four young men, when a motor car, driven by G. H. West turned the corner of Alberta street and Jackson Avenue too speedily with the result that one of the rear wheels gave way, throwing all the occupants heavily to the ground. Fortunately no one was seriously hurt, but slight damage was done to the car.

J. P. Franklin, of the Merchants Bank staff, who has been here for several years, left on Thursday morning for Lethbridge, where he has been promoted to the management of a branch being opened up in that vicinity. A farewell dance was held in Angus Hall on Monday evening, when a large number of his friends were in attendance. Mr. Franklin was very popular in the city, and all join in congratulating him on his promotion, and wishing him all success in the future.

A meeting has been called for Friday evening of this week by the Wetaskiwin Conservatives for the purpose of forming a "Conservative Club." The rooms on Pearce street, lately used as committee rooms have been leased for a year and will be thoroughly renovated and made up-to-date. It is the intention to supply all the latest magazines and newspapers, while tables will be provided for the varied games. Don't forget to be at the meeting, Friday evening, Sept. 29th, in the committee rooms at 8 o'clock.

"The Grand Trunk Pacific has received a cable from London that the Grand Trunk and C.T.P. has each been awarded the Grand Prix at the Festival of the Empire and Imperial exhibition now in progress in London. The building for which the prizes were given contains, besides many exhibits of game, views of the popular resorts in the East, and also a large amount of space, has been given over to the exhibit of the West, including grains and grasses. Thousands of people have seen these exhibits, and much interest is being shown with the result that with the literature being distributed, a large number of immigrants will leave for Canada in the next year or two."

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed
But "Fruit-a-lives" Cures

GRANDE LAC, QUE., Jan. 2nd, 1910.
"My wife was greatly distressed for
three years with chronic Eczema on the
hands, and the disease was so severe
that it almost prevented her from using
her hands. The doctor gave her several
ointments to use, but none of them did
any good. He also advised her to wear
rubber gloves and she wore out three
pairs without getting any benefit. As a
last resort, I persuaded her to try
"Fruit-a-lives", and the effect was
marvelous. Not only did "Fruit-a-lives"
entirely cure the Eczema, but the
hands, which she suffered from,
were also completely cured.
We both attribute our present good
health to "Fruit-a-lives". N. JOURDET.
"Fruit-a-lives" will always cure
Eczema or Salt Rheum because "Fruit-
a-lives" purifies the blood, corrects the
Indigestion and Constipation, and tones
up the Nervous System.
"Fruit-a-lives" is the only medicine
in the world made of fruit juices and
valuable tonics, and is the greatest of
all blood-purifying remedies.
See a box—6 for \$5.00—or trial size,
25c. At all dealers or from Fruit-a-
lives Limited, Ottawa.

CHILDREN WANT HOMES

The department of neglected chil-
dren at Edmonton are looking for
homes for eight Catholic children.
Annie, a girl aged eight, a particu-
larly attractive and bright child is
anxious for a home in some good
Catholic family. Frank, her brother,
aged four and a half, an equally at-
tractive boy, is anxious for a good
home in a Catholic family, where
he will have the chance to grow up
as a good man. Joseph, aged nine,
a good Canadian, with the looks and
manner of a gentleman, should be
an acceptable boy in some good
Catholic home. James, aged twelve,
is anxious to get a chance to make his
way in the world. Another Joseph,
aged about seven and a half, a par-
ticularly handsome boy who is very
fond for a good home and who will
more than repay investment in a
good Catholic home who is willing
to give him the opportunity to be-
come a man. A home is also want-
ed for Lewis, aged three years and a
half, and for John, aged two. These
are all Catholic children who are un-
der the care of the department, be-
cause of the fact that they are either
orphaned or because their parents are
unable to properly care for them.
Applications for these children should
be sent to the Superintendent of Ne-
glected Children at Edmonton.

It should be remembered that the
applicants must have good homes and
that the children must be desired for
their own sakes before they will be
allowed to go to foster homes. The
best homes in the country are none
too good for these children who come
from nice people and who are well
qualified to grace a place in any
home.

THE BETTER DAY

Written for the Alberta Local Op-
tion Campaign, 1911, by Rev. N.J.L.
Bergen, of Edmonton, Alberta.

(Tune—Battle Hymn of the Republic)
Our eyes shall see the glory of the
better day that's nigh,
When love shall rule in every heart;
It's coming by and by.
The day of liquor's power is gone,
It's doom is written high,
For truth is marching on.

Chorus—
Glory, glory, halleluiah!
Glory, glory, halleluiah!
Glory, glory, halleluiah!
God's truth is marching on!

The day when all the liquor men
shall hide their face with shame,
Yea, all, even though they're mighty
now, who seek unrighteous gain,
The day has dawned when Zion's lust
in righteousness shall reign,
That day is marching on.

Oh, glorious day so long foretold,
by holy men of God,
When Christ in righteousness shall
rule, the world with iron rod,
Then all the evil-doers of earth shall
reap their true reward;
That day is marching on.

Copies of this and other temperance
songs for the Alberta Local Option
campaign can be had from the com-
piler or undersigned, 623 Fraser Ave.,
Edmonton, Alta. Think of what
"Marshall's" did at the time of
the French Revolution and procure
and learn some campaign songs.
Yours truly,
Rev. N.J.L. Bergen.

"You will not only save your eye-
sight but you will also save money
if you will consult M. Mecklenburg, A.
M., the eye specialist, whose vast ex-
perience in Europe and on this con-
tinent enables him to render you far
better service. He will again be at
Higgs' Pharmacy, Wetaskiwin, Octo-
ber 4th.

THE WEEKLY PAYMENT PLAN

The weekly payment plan affords
wage-earners an easy and sure way
of making provision for the time
when their earning powers have ceas-
ed. For example, if a man at pre-
sent aged 40 years were to deposit
with the Canadian Government \$1 a
week until he was 65 for the purpose
of buying a Canadian Annuity, he
would receive 261 a year for the re-
minder of his life. And if he died
before he was 65 what he had paid
in accumulated at 3 percent com-
pound interest would be refunded to
his heirs. Full particulars concern-
ing the scheme may be had by any
one over the age of five years, if he
or she will apply to the Superinten-
dent of Canadian Government An-
nuities, Ottawa. State age last
birthday, the age at which Annuity
is desired to begin, and the amount
which you want to pay each week,
and the Superintendent will tell you
what amount of Annuity the pay-
ments will buy. Write tonight.

MAKE THIS TEST

How to Tell if Your Hair is Diseased
Even if you have a luxuriant head
of hair you may want to know whether
it is in a healthy condition or
not. 95 per cent. of the people need
a hair tonic.

Pull a hair out of your head, if
the bulb at the end of the root is
white and shriveled, it proves that
the hair is diseased and requires
prompt treatment if its loss would
be avoided. If the bulb is pink and
full the hair is healthy.

We want everyone whose hair re-
quires treatment to try Rexall "93"
Hair Tonic. We promise that it shall
not cost anything if it does not give
satisfactory results. It is designed
to overcome dandruff, relieve scalp
irritation, to stimulate the hair root
tighten the hair already in the head
grow hair and cure baldness.
Hair Tonic has done and our sing-
ers faith in its goodness that we
want you to try at our risk. Two
doses, 5c. and 10c. Sold only at
our own—The Rexall Store. H. L.
Higgs.

Let us advise you what is best for
your eyes. As expert and long es-
tablished consulting opticians we are
at your service.

We are not hurried into selecting some
style of glasses not becoming to you.
We grind the lenses to fit your
particular needs and fit you with glass-
es that will stay on, be comfortable
and are becoming. Prices always
right.

Cholera Infantum
is one of the
Most Fatal Diseases
of Young Children

Mothers should look well after their
children during the hot summer months
as this is the time of year this trouble
is most prevalent.

If any of your children become trouble-
some in this way it will not pay you to ex-
periment with some new and untried
remedy.

Get one having stood the test of time.
Dr. Fowler's Extract of Wild Strawberry
has been on the market for over 65 years
and we have yet to hear of a case of
cholera infantum it has not cured.

Mrs. S. S. Johnstone, Ochre River,
Man., writes:—"About four years ago I
gave Dr. Fowler's Extract of Wild
Strawberry a good test."

"My oldest son, five years old, got very
bad with cholera infantum; two days
after my next son took it, and the third
day my little girl also took it. I doctored
with all kinds of things but they kept
on getting worse and the doctors could
do them no good. I then started the
Dr. Fowler's Extract of Wild Strawberry
and after two or three days could see a
difference, so kept on with the treatment
but they were so bad it took about two
weeks to complete the cure.

Different people have asked me how
I saved my children's lives that time,
and I always say it was Dr. Fowler's
Extract of Wild Strawberry. I am, now,
never without it in the house."

Price 35 cents.

Snug Long Coats Have Popped Into Favor

To be seen in the coat section is every large variety of the snug long coat, the most popular coat for this season. The big, roomy, loose coat, made of those extra heavy, manish-looking tweeds, is a very smart looking. People can't but admire them, and then the comfort that one gets from one of these coats is worth a great deal. Some of these coats are made of Heavy Plaid Tweeds, or what they call the reversible goods. For instance, the coat is made up with the plaid inside, used as a lining, and the plain outside, the plaid used as trimming for the revers, collars, pockets and cuffs. You'll admire these coats when once you have seen them, and if buying is intended you will find the prices range from \$10.00 to \$19.50.

Some Very Worth While Savings in Oft Needed ARTICLES

TURKISH BATH TOWELS—cream, with fancy red and white stripes, grey, with white stripes, this week special, per pair 37c
COTTON FILLED COMFORTERS—covered with heavy chintz, large size, this week special \$1.35
RIBBED WORSTED HOSE—pure wool, fast black, sizes 5 to 10, 25c. per pair, 2 pairs 45c.
LADIES' CASHMERE HOSE SPECIAL—sizes 8 to 10, full fashioned, worth regular 50c., special this week 2 pairs 75c
LADIES' AND CHILDREN'S WOOL GLOVES—all colors and sizes, very special per pair 25c.
PURE SILK RIBBON—5 inches wide, 2 yards, all colors, special this week 25c.

Smart Fall Millinery

The millinery section is a scene of busy action these days as the hosts of shoppers make the selection from our beautiful and varied display. Extreme styles as well as those suited to more conservative tastes are shown. The high trimmed models so popular this season will prove particularly interesting to the woman of small or medium height.

Reasons Why Montgomery & West Should Do a Cash Business

The merchant doing a cash business can afford to sell goods cheaper than the one who does a credit business, for having the money to pay for his goods, he saves his discount of from 5 to 10 per cent.

He also saves the expenses of a bookkeeper and other assistants who are employed in looking after the accounts and also avoids the annoyance of disputes, with customers over mistakes, that are sometimes real, but oftentimes imaginary.

The merchant having the reputation of buying for cash will get closer quotations on goods than if he bought on credit. The fact is that in many cases he can dictate the price to the manufacturer and wholesaler, who may probably be overstocked in certain lines and anxious to unload.

By doing a cash business, as well as helping the merchant, to sell his goods cheaper, it also promotes thrift amongst his customers, who in very many cases, will purchase goods when they can have them charged, (which are not a necessity, but in many cases extravagance), which if they had to pay for at the time of purchase they would not buy and they would not run a large account, which in some cases they could not pay for, and overlooking the fact that they are tying up the merchant's money and thereby lessening his buying power.

Some people after they run up an account, at a store, and being unable to pay it when due, and not wishing to make it any larger will go to other stores and pay cash, for getting that they are under certain obligations to the merchant who gave them credit; in this case one could almost say it would be adding insult to injury.

The firm doing a credit business usually reckons on a loss of at least 5 per cent. for bad debts, which loss must be borne by the customer that pays for his goods, all this is eliminated by a merchant doing a cash business and his customers derive an equal benefit by the cash system.

Doing a cash business endues more vim and ginger into the staff, giving the customer a more prompt, and satisfactory service and the proprietors more ease, and satisfied and pleased customers.

Cash is the foundation and side wall of a business, while credit is the roof and (being only paper and promises), when the storm comes everyone gets soaked.

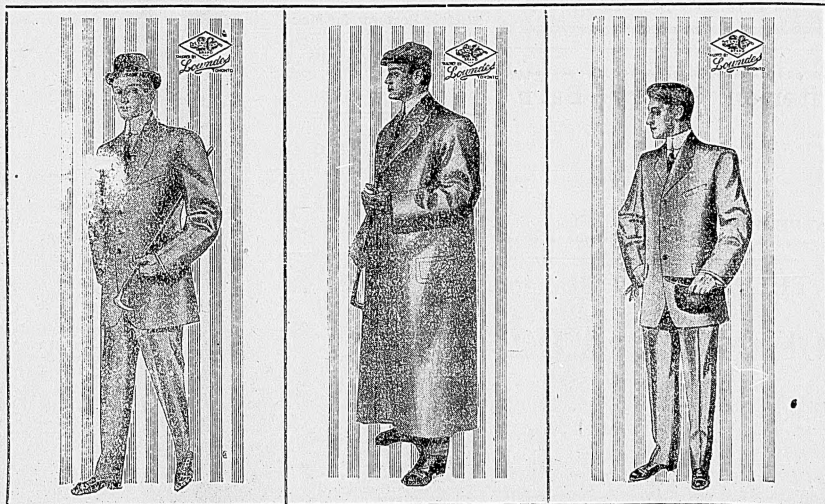

MONA MAHER,
742 8th St., Edmonton.

In Our Grocery

In no other department of our store will the change from the credit to the cash system be more pronounced or appreciated by our customers than in the grocery department. Purchases from the other departments may be postponed for a time, but the necessities of life you must have when the ladder runs low. Our prices will start a publicity campaign, that will bring more people to Westskivina than any other agency. We will make it the cheapest place in Alberta, in which to live. There will be something doing every day, bargains that you cannot afford to pass up. Space will not permit us to quote you all our prices, but we will enumerate a few of the most staple articles for our great Inauguration Cash Sale. It would be absolutely impossible to sell at the prices quoted if we were doing a credit business. Compare the old with the new prices. It is our strongest argument in favor of the Cash System.

Purity Flour.	Old Price \$3.50	Cash Price \$3.25
Rolled Oats 8 lb sack	.. 40	35
.. 20 ..	.. 80	70

GRAVESTON APPLES—A car of the famous Gravenstein Apples from the land of Evangeline due the last of the week. The Lord might have made a better apple than the Nova Scotia Gravenstein, but he didn't. We want to sell the entire car in ten days and during that time will inaugurate our Cash Sale by offering them at the extremely low price of per barrel \$3.35

We invite your inspection of the new 20th Century Brand bench-tailored Suits and Overcoats for autumn and winter, 1911-12. We honestly believe that they are the very best and certainly the most stylish clothes made in Canada. We have opportunity of seeing nearly every make of clothes sold in this country and we unhesitatingly place 20th Century brand at the head of the list for style, for fit, for tailoring quality and for wearing quality. We illustrate a few of the styles we are showing and would like an opportunity of showing you the complete range.

FIGHTING LIFE'S BATTLE.

Of Things That Must Be Done Tackle the Hardest First.

I know a very successful man who early in life resolved that no matter how hard anything might be or how seemingly impossible for him to do he would do it if it doing would prove of value to him, says Orison Swett Marden in Success Magazine. He made this the test and would never allow his moods or feelings to stand in the way of his judgment. He forced himself to do the thing promptly doing everything, no matter how disagreeable, if it would further his advancement.

People who consult their moods, their preferences or their ease never make a great success in life. It is the man who puts a firm grip on himself and forces himself to do the thing that will ultimately be best for him who succeeds. The man who goes through life picking out the flowers and avoiding the thorns in his occupation, always doing the easy thing first and delaying or putting off altogether if possible the hard thing, does not develop the strength that would enable him to do hard things when necessity forces them upon him.

It is pitiable to see young men and women remaining far below the place where their ability ought to have carried them just because they dislike to do disagreeable things until compelled to. The best way always is to tackle the hardest things first.

Two Public For Him.

He was a mild mannered little man, short, with gray hair and spectacles. It was noon on Washington street, and as usual, the crowd was short, but a puzzle to get somewhere. The little man was trying to work his way through the crowd.

A well dressed woman, accompanied by a small boy, was stuck up in the crowd. She wanted to cross the street. The two stopped to look in a window. The lady reached down and grasped a hand, saying, "Take my hand, dear." "Not right here on the public street," she was started to hear some one reply.

Looking down, she saw that she was clasping the hand of the very person she little men, who seemed to be much confused and embarrassed.

"Sir," she said laughingly, "I don't want you. I want my son—Doctor Traveler."

The New and Old Geology.

In its early history geology presented two schools—one insisting on a doctrine of "catastrophes," the other on a doctrine of "uniformity." The former regarded the changes which have manifested taken place in our planet as having occurred at epochs shortly while the other school, replying on the great principle of the invariability of the laws of nature, insisted that all things had always gone on in the same way as they do now. It is hardly necessary to say that the latter theory has driven the old theory of catastrophes completely from the field—New York American.

All Fixed.

"I think I'll propose at the party to-night," you want.

"Why won't it?"

"My sister knows the young lady in question, and it has been arranged for you to propose at the ball next week."—Kansas City Journal.

Restaurant Reports.

"Tea or coffee?" demanded the bustling waitress.

He smiled benignly. "Don't tell me, please," he whispered.—Brooklyn Life.

Where the Shes Pined.

Crawford—Does your conscience trouble you for losing that money? Crawshaw—No, L., my wife does. You see, it was her money.—Judge.

The fever desires the more peace.—Wilson.

INDIGESTION OF COWS.

Loss of Cud is a Symptom Merely and Not a Disease.

Loss of cud is not a disease, but merely the symptom of sickness. When a cow suffers from indigestion or any other ailment which makes her feel quite sick she naturally will stop chewing her cud. When the trouble subsides rumination will be resumed. Many people give artificial cuds, thinking to establish rumination by such means. This course is highly absurd, says the Rural New Yorker.

On general principles give a cow a full dose of physic when she will not chew her cud and follow the purge by full doses of stimulants in warm water, thin gruel or flaxseed tea. As a physic a pound of Epsom salts, half an ounce of ground ginger root and a cupful of blackstrap molasses shaken up in three pints of warm water will prove effective. Four ounce doses of whiskey along with half a dram of fluid extract of nux vomica will serve well as a stimulant. Another good stimulant for cows is a mixture of equal parts of aromatic spirits of ammonia, pure alcohol and spirits of nitrous ether (sweet niter). A dose of this in two ounces every two or four hours, well diluted with water, gruel or flaxseed tea. Rectal injections of salty warm water are also useful. At the end of the week the cow will be cured.

LOU HANNA

400 DIED IN GREATEST NAVAL HORROR OF AGE

Toulon, France, Sept. 25.—Four hundred officers and men were killed and the French battleship Liberté totally destroyed when the magazine of the vessel exploded today. The battleship Republique was damaged, and the battleships Demourgue and Verite also suffered severely from the masses of twisted iron and armor plate that were hurled upon their decks.

The disaster is the greatest that has ever fallen upon the French navy and in magnitude almost is without precedent in the annals of the world's fighting ships. The grief which prostrates the fleet and nation is made more intense by the memory of the recent review here, a notable display of France's naval greatness, in which the doomed ship was one of the finest figures.

The explosion which occurred at 4:52 o'clock in the morning, was preceded by and was the result of an outbreak of fire. The flames spread rapidly despite all efforts to master them, and reached the magazines before there was time to flood them. The magazines exploded with tremendous violence, blowing death and destruction in every direction.

While the naval authorities estimate the killed at 399, it is feared that this number will be exceeded. It will be necessary to go through the ship's muster rolls, a task of some days, before a full list of the victims can be prepared. A number of men already have been extracted from the fantastically torn and twisted mass of wreckage where once stood the Liberté, and the hope is strong that there are others within the broken bulk.

Exactly from what cause it was the fire broke out has not been discovered, but it is believed that it had smoldered for hours.

WEST LAND REGULATIONS SYNOPSIS OF CANADIAN NORTH

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency Sub-agent for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intended homesteader.

Duties—Six months' residence upon and cultivation of the land in each of the first five years. Homesteader may live within nine miles of his homestead on farm of at least 80 acres solely owned and occupied by him or his other, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to clear homesteaded patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

The Terrible Pains of INDIGESTION

Mr. Wm. H. MacEwen, Mount Tryon, P.E.I., says—"For more than a year I suffered with the terrible pains of indigestion and my life was one of the greatest misery. I did not seem to make any difference whether I ate or not, the pains were always there, accompanied by a severe bloating and a belching of wind. I had not even got rid of sleep, and sometimes hardly got a bit of sleep. In my misery I tried everything I could think of, but they did me no use, not one particle of good, and I fully expected that I would always be afflicted in this way. At this time my brother came home on a visit, and urged me to try MILBURN'S LAXATIVE PILLS, and got me a few pills. By the time I had taken one I began to improve and could eat with some relief. I was greatly relieved, and continued taking the pills until all traces of the trouble had disappeared, and I could now move at all kinds of food without the slightest inconvenience. I am so truly convinced of their virtue as a family medicine I have no hesitation in recommending them."

Milburn's Laxative Pills are 25c. per box, or five for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Sold by Red Cross Co., St. Reg.

DIGESTION AND ASSIMILATION

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the Stomach and Liver and enable them to perform their function naturally. For sale by druggists every where.

ALBERTA GAME REGULATIONS

No person shall shoot or hunt between one hour after sunset and one hour before sunrise.

No person shall destroy game by means of poison, narcotics, snare, traps, nightlights, traps, snares, snare, spring, automatic or machine shot gun.

No person shall export game without a permit from the Minister of Agriculture.

No person shall willfully disturb, destroy or take the eggs of any game bird or animal protected by the game law.

No person shall buy and sell or deal in the flesh of any game bird without a license.

The following are the open seasons: Ducks and swans—August 23 to December 31.

Crane, rail, snipe, plover, etc.—September 1, December 31.

Prairie chicken, partridge, etc.—October 1, October 31.

Hungarian partridge and pheasant—Not before October 1, 1911.

The following birds may be shot at all times except Sunday: Wild geese, cranes, eagles, goshawks, golden hawks, owls, black birds, grackles, English sparrows, loons, cormorants, pelicans, magpies. All other birds are protected.

The non-resident's fee for a license to shoot game birds only is \$10.

A fine not exceeding \$500 and costs may be imposed for infractions of the game act.

INVESTIGATE The Neal Drink Cure

An Invitation given to All Who Doubt

ELOQUENT PROOF THAT NEAL TREATMENT ADMINISTERED AT NEAL IN- STITUTES RIDS DRINKERS OF ALL DESIRE FOR LIQUOR IN JUST 3 DAYS TIME

The idea that one, who for years has been a regular drinker or who has become a recognized top-
per, or a man whom the world regards as "down and out" can be reclaimed from the drink habit in three
days, seems preposterous. The Neal Treatment does this, however, and more. It restores sleep to nervous
souls who have tossed fitfully during hours when rest had been broken by craving for liquor. It has cleared
mist of uncertainty from business minds, dulled by alcoholic poison. It has quickly transformed the
drunk to sympathy and positive dislike of all alcoholic liquors; and all this is accomplished in three short
days.

Men raving like madmen have been taken to Neal Institutes all over the land and in less than three
days have come out of delirium into perfect sanity.

The Neal Treatment for the drink habit is one of the miraculous discoveries of the age. Through its
beneficent agency, happiness has been restored to homes long in the shadow of excessive drink; wives, hus-
bands, mothers, fathers, sons, daughters and friends—a great army of them who count the Neal Institute as
one of the greatest blessings of the age, could be recruited from nearly every corner of the country.

The one who drinks to excess is a victim of alcoholic poisoning. Each drink adds to the stock of
poison in his system and it is this accumulated poison which is responsible for the gnawing and craving for
alcoholic liquor, which is so often called "appetite." The Neal Treatment neutralizes and eliminates this poi-
son and in so doing utterly destroys all desire and craving leaving the person just as he or she was before
he began to drink. Investigate now.

It was investigation which led Jus-
tice C. Sherman, of the Supreme
Court of Iowa, to write: "I am per-
sonally acquainted with several men
who have been cured by the Neal
Treatment and I unhesitatingly re-
commend it to all the afflicted, their
suffering families, relatives and
friends."

Right Rev. N. F. Schinner, Bishop
of Superior, Wis., declares under his
signature: "The Neal Cure is a God-
sent to any man who is bound by
the chains of strong drink."

Hon. L. F. Coffin, known to the
railroad boys of America as Father
Coffin, and head of the White Button
Work says: "I personally know of
scores of men restored to dignified
manhood. I hail the advent of the
Neal Cure as a 'gift from the good
Father of us all.'"

There are no hypodermic injections, or no bad after-effects. The Neal is a perfectly harmless vegeta-
ble medicine taken internally. A regular physician always in attendance, as well as trained nurses. Every-
thing strictly confidential in every sense of the word. Write, call or phone—

SIR WILFRID WILL REMAIN AT THE HEAD OF THE LIBERAL PARTY
Ottawa, Sept. 24.—Sir Wilfrid Laurier will remain at the head of the Liberal party and lead the opposition when the new parliament meets some six weeks hence. He was at his office again early on Saturday morning, looking and feeling physically as fit as ever. He shows his greatness as much in defeat as in victory, because in the confidence that Thursday's result brings with it no disgrace and that the principle for which he and his party have stood must ultimately triumph. To his newspaper friends who called upon him he smilingly declared that he was still ready "to stay with the boys" and lead the Liberal forces when the new parliament meets.

Any comment of the verdict of Thursday will reserve for a public statement later.

The feeling in Ottawa among Conservatives and Liberals alike is one of personal regret for the prime minister and that the fortunes of political war have brought temporary defeat, and this feeling is mingled with perhaps an even intensified feeling for the "old chief," whose record of public service shows no blot, and whose character, ability and statesmanship are today as unquestioned as ever. Sir Wilfrid will personally prefer to take the opportunity of seeking a well earned rest from the constant stress and cares of public life and gratify his longing for hours of leisure in the library, but his desire to remain at his post as head of the party is because of the general desire of his colleagues and supporters, and because he believes that he has a work to finish for Canada. He is following the precedent set by Gladstone, who after defeat again left his party back to power.

Won't Cling to Office

The premier called on Earl Grey on Saturday afternoon, and arranged to transfer the administration over to the incoming premier, Mr. Borden, as soon as the necessary preliminaries can be arranged. This will probably be some time next week. There will be a meeting of the cabinet tomorrow, and no time will be lost in wind-
ing up all arrears of routine departmental business as to leave everything in readiness for the new premier to begin business. Nothing was said what the plans of the defeated minister would be, pending their consultation with the premier tomorrow.

Mr. Borden arrived in the city this morning, and was met at the station by Mrs. Borden and friends, including George Ferry, who is slated as the next premier of Canada. A local demonstration in his honor is being arranged for Tuesday night. He will be decidedly busy for the next fortnight arranging for his cabinet, and attending to the great flood of correspondence now pouring in on him.

Who Will Get the Axe?

Speculation is rife as to the direction in which the axe will be wielded by the new government. It is expected that a few heads will fall, but the rule that civil servants should keep out of politics has been generally faithfully observed, and not less, conservatively estimating the changes are expected. The Laurier government continued practically the whole of the service in office in 1896, and in the person of the minister of the National Transcontinental commission. The resignation of Hon. Mr. Parent and his fellow commissioners may be looked for shortly. Their task, however, is almost completed, and they will retire with honor, not one having been proved in connection with the building of the railway despite the many allegations made mostly for political effect, by the Conservatives in opposition.

His Western Promises

In accordance with his ante-election promise in the west, Mr. Borden will have to include in his first legislative budget bills providing for the appointment of a western division of deal with the western cases, and for a commission to operate the terminal elevators. He will also, in order to redeem his pledges, have to appoint a tariff commission analogous to the United States board to deal with all matters of tariff revision. It is a fact, however, that high protection will, in view of Thursday's poll-
ing, get warm justice from the new government, now that the election is won, and there is no further need for extreme and unjustified criticism of the Liberal leaders. The Conservative press is paying in some instances generous tribute to the de-
feated.

NEWS ITEMS

Toronto, Sept. 25.—Ballots are now being prepared for securing the decision of the Presbyterians of Canada regarding church union with the Methodist and congregational churches. Every Presbyterian in Canada will also receive a sixteen page pamphlet giving a history of the union negotiations. Ten thousand blue ballots will be sent out for the elders, hundred thousand white ballots to the members and sixty thousand red ballots to others.

Central Alberta is the only section of Canada that will be represented with an exhibit at the United States Land and Irrigation exposition in the Coliseum at Chicago, beginning November 16th, and ending December 9th. The importance of this event may be gathered from advance notice. People from every state in the union will see the exhibit of grains, and other products of the immensely rich soil in Central Alberta. The exhibit is being shown in Milwaukee at the Wisconsin state fair, and will be taken in a few days to Detroit, Michigan, where the state fair will open. Bulletin.

The Edmonton board of trade has received a map from the Dominion department of the interior showing the branches of the chartered banks in Manitoba, Saskatchewan and Alberta. The total capitalization of banks in the three provinces is \$183,866,666. Saskatchewan leads in the number of banks, having 303. Alberta is second with 203, and Manitoba third with 190. In 1904, seven years ago, the banks in the combined provinces of Alberta and Saskatchewan numbered only 74. There are 19 banks in Edmonton. Bulletin.

**Nerves
Were A Wreck.
Could Not Stand The
Least Noise**

Miss Florence H. Perry, Courtland, Ont., writes:—"I wish to write you a short letter telling you of the help I received from the use of your Milburn's Heart and Nerve Pills. A year ago my nerves were a real bad wreck and was so nervous I could not stand the least noise. My sister had taken your pills and advised me to give them a trial. I took three boxes and saw they were helping me so I kept on taking them until I had used five boxes, and I can say in true words that I am strictly cured."

To anyone troubled with their heart or nerves we would strongly advise them to take a course of our Heart and Nerve Pills as we feel confident that they will do them a world of good.

If your druggist or dealer does not keep them, we will mail them direct on receipt of price—\$6.00 per box or 2 boxes for \$12.50.

Needless Annoyance

With many a woman, ironing day is an ever recurring bugbear. Either she has to do her own laundry work which is a sweating, back-breaking task, or else she has to see her prized linens and lace carefully ironed by others.

For the particular woman who wants to save herself the hard work of ironing, and still have her laundrying done to suit her, there is great satisfaction in

ASBESTOS IRONING

The detachable hood keeps the heat from the handle, relieving the work of its unpleasant features. The iron retains heat and the bottom is ground to a perfect surface. A sure lock, easy grip, clean top and sides, and honest guarantee are other unique features of Asbestos Sud Irons.

Do you impose needless exertion and worry upon yourself by trying to make your old iron do a few years longer. It costs only a dollar or two to enjoy the "Asbestos way."

FIELD DAY SPORTS

The high and public schools will hold their annual field day, at Exhibition Park, on Friday afternoon, Oct. 6th. A programme of sports is being arranged which will give every pupil a chance to compete. Contests between the schools and between the different standards will form an interesting feature of the day. In addition to the usual racing and jumping there will be two basketball games—one between the schools and one with Pokoka. To encourage participation in these healthful athletic sports, a suitable list of prizes is being offered. To this end the school staff will be pleased to receive any special or general prize from any friends of the school. The sports are entirely free to the public.

TWO VIEWS OF BASEBALL

The people who believe that professional baseball is a bad thing for Canada and those who hold that it is L. E. Lovestadt, a farmer north of Carleton Place, had his right arm amputated just below the shoulder. The lad was working in the harvest field and desiring to go to the house jumped into a rig in which was placed a loaded gun. The gun went off, mutilating the arm very badly. Arrangements are now completed for what promises to be a most successful fall fair in Camrose, on October 5th and 6th. Horse races and athletic events and competitions for farmers' sons, will be the order of the day. A large tent will be erected on the grounds to accommodate the leading features of the fair, including the district exhibits which will be entered in competition for the George P. Smith trophy.

The Continental Oil Co., of Calgary is another of the wholesale firms to locate in Camrose. A warehouse building with oil tanks, wagons, etc., is being erected just along the C. P. R. spur.

On the other hand, "Bleacher" asserts that professional baseball is of great importance to the people of this country as the Olympic games were in ancient Greece. He claims that baseball had to become professional because it proved to be too great a game to be played only by amateurs. He declares that professional baseball is worthy of public support because of the excellence of the playing and of the splendid way in which it is managed. Also he asserts that each game is a real contest between two cities because although the players are mostly "alien" the business judgment of the men behind baseball in one city is pitted against the same element in the other cities.

CAMROSE

A party of English journalists were entertained at a smoker in Camrose last week, where a very informal time was had. In the course of the evening the visitors were each presented with a selection of twelve photographs of scenes in the Camrose district. These were presented in a neat folio, so they might be preserved for reproduction in the leading journals in the British Isles. At 6 o'clock in the morning several of the party were met at their private car by automobiles and were taken out for their first experience at duck shooting. The exact bag has not yet been determined, but all

agree that they were well repaid for their morning outing.

As a result of a shooting accident John, the fifteen year old son of L. E. Lovestadt, a farmer north of Carleton Place, had his right arm amputated just below the shoulder. The lad was working in the harvest field and desiring to go to the house jumped into a rig in which was placed a loaded gun. The gun went off, mutilating the arm very badly.

Arrangements are now completed for what promises to be a most successful fall fair in Camrose, on October 5th and 6th. Horse races and athletic events and competitions for farmers' sons, will be the order of the day. A large tent will be erected on the grounds to accommodate the leading features of the fair, including the district exhibits which will be entered in competition for the George P. Smith trophy.

The Continental Oil Co., of Calgary is another of the wholesale firms to locate in Camrose. A warehouse building with oil tanks, wagons, etc., is being erected just along the C. P. R. spur.

Vermilion, Sept. 25.—Frankie Jones, the ten-year-old son of Alfred E. Jones, of the town, was instantly killed by the explosion of a cartridge on Sunday evening. The shot entered the boy's neck under the jaw coming out at the top and side of the head and death was instantaneous. The tragic affair occurred in the kitchen of the family home, their mother having gone over to a sick neighbor's but a few minutes before.

Edmonton, Sept. 25.—S. H. Piles, a well known local young man, for some years in the employ of the Hudson's Bay Company here, and later in real estate business attempted to commit suicide shortly before midnight by shooting. The bullet went through his head behind the eyes. Though he is still living his recovery is not thought possible. He has been depressed for some time.

Civil Service examinations will be held at Calgary and Edmonton on November 14th.

Blackbirds and crows have ruined the corn crop at Ware, Mass., in many instances tearing the husks from the ears of entire fields.

Mrs. E. H. O'Brien and family left for Taber on the early train Wednesday morning. She will visit her sister, Mrs. W. Walker.

INSTANTLY KILLED

Word has just reached us as we go to press that a young man named McLaren, who has charge of the water tank at the Pipestone was instantly killed by the afternoon train today as he was attempting to jump the train to return to his home at Ladue. The body, which was cut in two, was conveyed to Ladue on the train that killed him.

W. Smuck was at Edmonton the fore part of the week on business. John Carney, of Tofteld is in the city this week spending a brief vacation rearing acquaintances.

Mrs. H. C. Walker announces that she will be at Home the first Thursday in October, and the first Thursday of each month thereafter.

DEATH AFTER A SCRATCH

Morris Quatman, an eleven-year-old Windsor boy, fell off his bicycle and scratched his wrist. He thought nothing of the injury, but blood poisoning set in and he is dead.

Such incidents as these—by no means infrequent—ought to make people realize the danger that may lie even in the smallest flesh wound.

Take a simple illustration. When a knife, a rusty needle, a splinter of dirty wood, a barbed wire fence, or thorn scratches the hand, the latter is inoculated with germs, of which the air about us is full.

The way to avoid serious results is to cleanse and apply Zam-Buk. Zam-Buk is a powerful, yet painless germ killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and stopping the pain and smarting. That is why Zam-Buk is so popular with children.

The flesh thus soothed and purified, is made perfectly healthy, and all poison and cause of festering removed. Having done this, Zam-Buk then proceeds to heal the wound, burn, sore, and new healthy tissue is built up in a quick, painless and perfect manner.

Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing analgesic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food. For all skin diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also used widely for piles; for which it may be regarded as a specific. All druggists and stores sell at 50c a box, or post free from Zam-Buk Co., Toronto, for price. Beware harmful imitations.

SUDDEN DEATH

Mr. W. Thompson, who had lately arrived from England, passed away very suddenly last Saturday, in his 57th year. He was seated on the binder talking with his son, when without a moment warning he collapsed. On being carried to the house he was found to be extinct.

Mr. Thompson had but lately retired from the shipping business and with Mrs. Thompson and daughter had come to Alberta to make his home with his three sons, on the farm two and a half miles from Westaskin.

Quite a large number of townfolk and neighbors, attended the funeral on Tuesday afternoon, which was conducted by Rev. A. R. Aldridge, at the Methodist church and graveside.

BORN

SCHANTZ—Near Lewisville, on the 27th inst., to Mr. and Mrs. Chris. Schantz, a daughter.

FOR SALE—GOOD MICHIGAN cow at a bargain. For particulars apply to Ward & Thomas, Westaskin.

FOR SALE—BUILDING NOW OCCUPIED by J. H. Robinson, as a piano store, corner Pearce and Railway Sts., east. Apply to J. H. Robinson.

DIED

HASTINGS—At Falm, on the 25th inst., Mrs. Mary Hastings, aged 64 years. Deceased was a native of Ontario, and the cause of the demise was cancer of the stomach. The funeral took place on Wednesday afternoon, service being held in the R. C. church, Westaskin, and the interment taking place in the R. C. cemetery.
